

```
#include<stdio.h>
int main()
{
    int num,sum=0;
    do{
        printf("enter the number");
        scanf("%d",&num);
        sum=sum+num;
    }while(num!=0);
    printf("sum of the numbers is %d\n",sum);
    return 0;
}
```
